Dear Pastor or Church leader:

There is a need today - more than ever before - to see converts become disciples, for church members to become active leaders and for staff and volunteers to become better equipped for the work of the ministry.

When Ingrid and I launched the Family of Faith Church in the nineties, we became acutely aware of the need for quality help and leaders who could oversee various departments of the local church.

Finding people with the right heart was certainly not a problem, but finding skillful, faithful people with a right spiritual and mental attitude was a challenge, to say the least. It seemed like most people approached the ministry with an attitude of "volunteering my time" or "giving back to the community" and most lasted only as long as there were no problems or their schedule allowed them.

With this in mind Ingrid and I began the Canada Word of Faith Bible Training Centre in order to raise the level of leadership and ministry in our church.

We are now offering the same quality teaching to you via the Canada Word of Faith Video Extension School in order to be of assistance to you to see your church reach its next level in growth and influence.

The Canada Word of Faith Video Extension School is a product of the courses that have been taught and is geared to help you train your church members with sound doctrine.

The ministry and leadership courses offered through this Video Extension school are designed to produce longevity in your staff, whether they are paid or not.

Please, check the information provided thoroughly and see if this Video Extension School is right for you, your local church and its members.

We trust to be of service to you in the near future.

In sincere appreciation for your ministry,

John & Ingrid Huizing
